Spring
Color Search

- Collect several magazines to share with your class. I always like to preview them first to make sure that the content is appropriate.
- I focus on one color per day, you may also give your students the whole packet, it's totally up to you .
- Direct students to look through the magazine and cut and paste objects that are the same color as the candy cane.
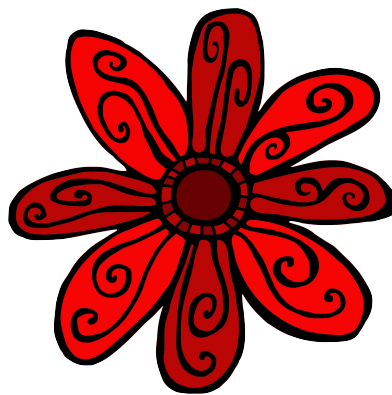

Objectives:
- Students will match objects by attribute.
- Students will identify colors.
- Students will cut and paste.
- Students will turn pages of a book/ magazine.
